

★ We save you money

### **HIT LC 5000 Cutlery Washer**

The **LC 5000 Cutlery Washer** is a unique innovation from Europe, a machine that has been in development for many years is finally available in Australia.

Paired with one of our many *cutlery polishers*, the **LC 5000 Cutlery Washer** allows staff to feed dirty cutlery from the dining table into the washer, it gets washed in around 60 seconds and then dropped into a cutlery polisher for drying. Imagine, dirty to washed and table ready clean cutlery in around 2-3 minutes.

Pair this machine with our cutlery sorting system you will have a fully automated cutlery processing system that washes, polishes and sorts. HIT Equipment innovation can save you thousands in labour cost. Contact us today!
