Cutlery Conveyor	400x4440x1000		32		30	 240V - 50 Hz	\$4,165

Automatic stainless steel loading unit for cutlery

This machine is designed to be used in combination with Cutlery **Boy** and **Girl** dryers. Automatically loading cutlery into the polisher frees the front of house staff from this task and allows your back of house staff to load the cutlery straight from the washer.

Consisting of a:

- belt conveyor with adjustable inclination
- 45 lt hopper
- max. cutlery loading 15 kg,
- hinge hooking for adjusting

Model	Dimension mm	Lt	Gross Kg	Gross m ³	Power W	Energy	AUD ex GST
Sound Enclosure							From \$5,500
